RE: Conditional Use Permit for "old space aliens" building

To Whom It May Concern:

I am in the process of opening the "old space aliens" building as a pizza buffet restaurant and bar with bar menu, too. The theme will be sports related, tried to tie in with the Schwan's center. We will offer about 30 arcade games and 5 adult themed games. We plan on partnering with a local charity/team and offer pulltabs and meatraffles. We will have a jukebox with the ability to offer karaoke. I anticipate from time to time we may have a DJ or local band. Also, we would like to add an outdoor patio on the northeast corner of the building.(I would lose 4-5 parking spots) This would be a poured concrete slab 24'x40' with metal railings and gates. Seating for approx. 50 people. (see attached drawings) I would also like to add (sometime in the future) a lawn bowling (bocce ball) area in the field to the north of the building. (approx. 75'x 150') I would like the ability to offer outside, community themed venues from time to time.

Any further questions, please contact me @ 320-980-5004 or schmitz.jf@gmail.com.

Thank you,

James Schmitz
