Petition Request

No parking on 99th Ave NE from Lexington Ave to Cord St NE

May 2019
Revised 05242019

 Prepared by City of Blaine GIS Department
This is a compilation of records as they appear in the City of Blaine Office's jurisdiction. The City of Blaine is not responsible for any inaccuracies herein combined.

We request No street parking on 99th Avenue NE from Lexington Avenue to Cord Street all year.

- Increased traffic on 99th Avenue NE and Lexington Avenue
- Kids playing in area
- Street parking consumes one lane reducing moving traffic to one lane even though two lanes are active
- Cars parked on 99th Avenue have been five feet from the stop sign on Lexington Avenue
- There is no street parking from November 1 through March 31 so they can adjust to it throughout the year
- It has become a dangerous area and we are trying to prevent future accidents
- Google maps shows how difficult it is for two lanes to drive on 99th Avenue NE when a truck and car are parked on it. There are times when there are several trucks and cars parked on the street.
