PROGRAM *Highlights*

- Technology enhanced curriculum in a classroom environment with high degree of individual attention.
- School curriculum designed for **grades K-12**.
- Created for both **males & females**.
- **Conveniently located** inside the ice complex.
- Northern Educate Academy follows the **traditional school calendar**, including all holidays.
- **480 hours** of professionally developed **on-ice training curriculum**.
- **200 hours** of professionally developed **off-ice training curriculum**.
- **First class hockey staff** of professional coaches with NHL, European, College and Junior league experience.
- **Customized training and nutrition program** for the individual player.
- Academy focus is on developing the **student in the classroom, athlete on the ice, and leader in the community**.
- With regards to hockey, the Northern Educate Academy is a developmental program for the scholar-athlete. Our emphasis is on personal, individualized growth and development during the day; so that the player can flourish in the evening with their respective association or high school team.
