Subject: Case: 12-0012 Oak Park Community Church

To: Planning Commission of the City of Blaine

Regarding Case: 12-0012 Oak Park Community Church

Petition: The applicant is requesting a conditional use permit for a two-story 4,600 square foot addition onto the existing church.

We consider the Oak Park Community Church family to be a good neighbor, and have no problem with their wanting to make this addition onto their existing church building. Hopefully they will not have to cut down any or many more trees to make this possible.

They are an asset to the community and we are more than glad to be in the same neighborhood with them.

Sincerely,

**Grieg & Mary Griese
