Re: Letter of Commitment to Join LOGIS for the Special Assessment (SA) System

Dear Mr. Garris,

The City of Blaine has received authorization from its Council to begin using the Special Assessments System (SA) shared through the LOGIS Association. The minutes of the appropriate Council meeting(s) are attached to convey our commitment for LOGIS and to assign our agency into the implementation work schedule.

The cost sharing estimates from LOGIS for the SA software as stated in the attached quote dated September, 2018 is appropriate. The annual operations fees are billed monthly and we understand they will begin in the first month of major implementation activity.

Sincerely,

Clark Arneson
City Manager
City of Blaine
