Regarding Conditional Use Permit.

Dawn Bugge,

I am unable to attend the meeting April 10th. I am emailing you to voice that I have no issue with Dave Spalding building an extra accessory structure on his property.

I would also like to point out that it was confusing and the letter made it seem as though Mr. Spalding was adding a total of 728 square feet to his property. It should really break down the total square footage of pre existing structures so the neighbors can make an informed decision.

Respectfully,
Kelly Oberlander

We have no problem supporting Mr Spalding with his home improvement project. Only improves our neighborhood.

Thank you for asking
