Council Chambers

Nat'l Resources Conservation Board

The Natural Resource Conservation Board is an advisory body to the City Council. The Board is charged with recommending acquisition of lands for open space and developing a Natural Resource Plan which includes environmental policy and guidelines for the maintenance and preservation of Blaine's existing and future open spaces and trail corridors. One of the Board's functions is to hold public meetings and make recommendations to the City Council. For each item, the Board will receive reports prepared by City staff, provide the opportunity for public response, conduct Board discussions and make recommendations. The City Council, however, makes all final decisions on these matters.

The NRCB members will meet at 6:30PM at 117th Lane and Naples Circle to tour the wetland restoration site in the Open Space adjacent to Branch 3 of ACD 53-62. They will return to City Hall and convene a meeting in the Council Chamber at 8:00PM.
