

The Aurelia tennis courts have fallen into disrepair. Adults, children, and little families used to use the area for tennis and basketball. I would enjoy seeing people being able to use this property again. It was a safe area on a busy corner for lots of people to use.

My name is Jamie Reed

I played Varsity tennis at Spring Lake Park for 4 years and played in College. I grew up on the tennis Courts at Aurilla Park. The Hours I played on those tennis Courts with friends and family are too many to count - but Priceless!

Over the past 5 years the Courts have turned into a eye sore, Kids sitting on the net, bike mark tracks on the Court, Chalk marks from the Kids writing on it. There is grass growing thru the cracks due to unkept Courts and the nets have been on the ground All Summer it is a sad sight!

The JR. High School used to use those Courts for practice but are unable to because of the Court conditions. They also were used to have Summer tennis lessons that's where I first learned to play - it would be sad to see the Courts go.
