

# FROG WALK

Sponsored by the Blaine Natural Resource and Conservation Board

**Saturday, May 6, 2017 • 7:00 pm • East Lake Park**

Are you ready to have an adventure at the edge of the Blaine Wetland Sanctuary? It is time for a Frog Walk! Follow a wetlands biologist and herpetologist (specialist in reptiles and amphibians) into the marsh - where we will identify frogs based on sound and sight. We will explore the wetland to look for and listen to frogs. Learn why they sing and how they grow. Dress for messy outdoor fun (including boots)! This activity is free, but registration is required.

**Register at [www.blaineparks.com/register](http://www.blaineparks.com/register).**

Saturday, May 6..... 7:00 PM
