

# City of Blaine Anoka County, Minnesota Minutes

Blaine City Hall  
10801 Town Sq Dr NE  
Blaine MN 55449

## Nat'l Resources Conservation Board

*The Natural Resource Conservation Board is an advisory body to the City Council. The Board is charged with recommending acquisition of lands for open space and developing a Natural Resource Plan which includes environmental policy and guidelines for the maintenance and preservation of Blaine's existing and future open spaces and trail corridors. One of the Board's functions is to hold public meetings and make recommendations to the City Council. For each item, the Board will receive reports prepared by City staff, provide the opportunity for public response, conduct Board discussions and make recommendations. The City Council, however, makes all final decisions on these matters.*

#### 5. Open Forum for Citizen Input

Unidentified resident stated he is attending the meeting to receive updates on the Blaine Wetland Sanctuary. Chair McKinley asked the resident for his name and address. Mr. Pushkar Vaidya, 3906 112th Circle NE. He asked about the plans for the BWS. He has seen documents online showing the trails and boardwalks. He recalls these things were to be built last year and he is interested in getting involved. Ms. Haug stated the BWS opened in the fall of 2018. The boardwalk was completed along with wetland restoration to establish wetland credits and obtain additional funds to complete the trails. She is not sure when the next phase will happen. More information is available on the website.

Mr. Vaidya asked if the wetland credits are available and sold. Ms. Haug explained how that works by the City doing restoration a portion of the credits are received. As of now only a small amount of credits are available but they have not been sold. The other goal is to construct an interpretive center from the sale of the wetland credits being sold.

Boardmember Villella stated all monies from the sale of credits goes toward the BWS.

Ms. Haug explained the permitting process and monitoring required for the site. The vegetation restoration is critical to the ecosystem of the BWS.

Mr. Vaidya asked how interested residents can get involved. Ms. Haug stated there will be volunteer events where the public can participate. She suggested he look for volunteer opportunities on the website.

Chair McKinley stated there will be an event at the BWS in May during Wetland Month.

Boardmember Genet suggested Mr. Vaidya submit an application to serve on the NRCB. Mr. Vaidya stated he is part of Springbrook Nature Center Board.
