### Title

### Wetland Credit Sale (1.3866 Acres)

#### Executive Summary

The City of Delano is proposing a street project that has impacts to wetlands. The applicant has requested to purchase 1.3866 acres of wetland credits from the Site 7 Wetland Bank that are necessary for the proposed project to meet permit requirements.

#### Background

The City of Delano would like to purchase 1.3866 acres of wetland credit from the City of Blaine (Site 7) Wetland Bank at a value of \$2.50 per square foot. The cost of the wetland credit purchase is \$151,000.74 based on the 1.3866 acres. In addition, the City of Delano will pay the City of Blaine’s withdrawal fee to BWSR for withdrawing the credits.

Please note, when Site 7 Wetland Bank was created, the pro forma was based on the sale of wetland credits as a unit cost of \$1.75-\$2.00 per Square foot.

The city’s Site 7 received a release of an additional 12 credits this summer that are now available for sale.

#### Strategic Plan Relationship

The sale of wetland credits provides funding for the city to maintain its open spaces and trails meeting the well maintained infrastructure goal of the strategic plan.

#### Board/Commission Review

The Natural Resource Conservation Board was made aware of the sale of the wetland credits.

**Financial Impact**

If approved, the city will add \$151,000.74 to the Open Space Development Fund, pursuant to the City's Capital Improvement Plan.
