MOBILE STADIUM PRESENTATION

Harlan Gallop of Sports Technology has requested a short presentation to the Park Board on a new mobile scoreboard/sound system called Mobile Stadium. This system was introduced to delegates at the 2012 Minnesota Recreation and Park Association State Conference in September. Application of the Mobile Stadium for City of Blaine would be limited, but may be of interest to our youth athletic associations on park facilities without scoreboards and to community organizations such as the Blaine Festival Committee for sound and display attributes.
