### **GRANTING A CONDITIONAL USE PERMIT TO ALLOW FOR EXTERIOR STORAGE OF VEHICLES AND EQUIPMENT IN THE I-2 (HEAVY INDUSTRIAL) ZONING DISTRICT AT 9937 GOODHUE STREET NE. RAM CONSTRUCTION SERVICES. (CASE FILE NO. 15-0056/LSJ)**

The Planning Commission voted unanimously to approve the conditional use permit. There were no comments at the public hearing.

RAM Construction Services is proposing to operate a contractor's yard at 9937 Goodhue Street. They are proposing to have an outdoor storage area for their construction related equipment in the rear of the site. This use requires a conditional use permit in the I-2 (Heavy Industrial) Zoning District.

RAM Construction Services is a waterproofing and restoration contractor and they currently operate out of a rented warehouse space Little Canada. The Goodhue site is perfect for their needs as it is almost three times the size of where they are currently located. They need to store

their equipment outside on site, and potentially some rigid extruded insulation that they may also store inside the building.

The proposed outdoor storage area is in the rear of the site as shown on the aerial site plan that has been provided. The items to be stored in the area may include:

- bobcat trailers
- enclosed trailers
- one-ton trucks
- pickup trucks
- bobcats
- forklifts
- tow-behind air compressors
- rigid extruded insulation

The vehicles will be parked in the parking lot overnight and will be at the job sites during the day. Some may even stay at the job sites for extended periods of time.

The outdoor storage area will need to be fenced as shown on the aerial site plan. Staff will need to see a detail of the fencing prior to a building permit being issued for the fence.

The site itself meets all other applicable zoning ordinance requirements.

By motion, approve the Resolution.
