GRANTING A CONDITIONAL USE PERMIT TO ALLOW FOR UP TO 2,927 SQUARE FEET OF GARAGE/ACCESSORY SPACE IN AN RF (RESIDENTIAL FLEX) ZONING DISTRICT AT 3000 RODEO DRIVE NE. WILLIAM JEANS. (CASE FILE NO. 17-0014/LSJ)

Planning Commission (Public Hearing) 05/09/17
City Council (Conditional Use Permit) **06/01/17**
Action Deadline 06/04/17

The Planning Commission voted unanimously to approve the conditional use permit. There were no comments at the public hearing.

The applicant wishes to add on to an existing detached garage on this property in order to provide space to store a recreational vehicle. There is currently a 900 square foot attached garage on this property in addition to an existing 900 square foot detached garage. The applicant wishes to add 1,127 square feet onto the existing detached structure for a total square footage of 2,927.

The original zoning approval for this development requires any property to acquire a conditional use permit for garage/accessory space that exceeds 1,200 square feet. The City has

approved several CUP amendments for similar type detached garages in this area.

There is currently a paved driveway to the existing detached structure. It is recommended that the driveway be expanded to include the area in front of the new garage door for the new portion of the structure. The garage door on the new portion of the structure will be 12 feet in height to accommodate the storage of the RV.

The garage will match the existing detached structure and house. No trees will be removed with this addition to the structure.

By motion, approve the Resolution.
