### CONSIDERATION OF THE SALE OF EDA WETLAND CREDITS FOR MSP COMMERCIAL MEDICAL OFFICE FACILITY AT 111<sup>TH</sup> AVE AND ULYSSES ST

MSP Commercial is proposing to build a 13,000 square foot medical office on a parcel located at 11107 Ulysses Street. The site is approximately 1.7 acres but has designated wetlands over about a third of the site. The site plan that has been developed is based on filling 26,902 square feet, just over a half acre, of wetland to make the project configuration work.

They have indicated to the EDA and Coon Creek Watershed that they would like to purchase the necessary 2:1 mitigation in the form of 1.235 acres of wetland credits from the EDA Wetland Bank. The purchase of 53,804 square feet of wetland credits from the EDA at the established sales price of \$2 per square foot would result in a sale of \$107,608 plus the EDA's out of pocket cost for withdrawing the wetland credits from BWSR.

The EDA's Wetland Bank currently has just over 42 acres currently available. This sale this would be the ninth economic development project assisted by the use of EDA wetland credits.
