Title

Certify Preliminary General Fund Budget and Preliminary Tax Levy for Fiscal Year 2023

Executive Summary

City Council, through the adoption of the resolution below, establishes the preliminary General Fund budget and preliminary property tax levy for 2023.

Background

Minnesota Statutes require that cities annually certify preliminary budget and property tax levies to county auditors by September 30. As Council has discussed previously, the preliminary budget may be adjusted either up or down, however, once set, the preliminary property tax levy can only be lowered. Thus, the Council does have the ability to reduce the preliminary tax levy as the 2023 budget process unfolds.

The levy proposed in the resolution below would, per the best estimates of staff given data currently available, result in a combined 2023 net tax capacity rate for the City and EDA of 32.877%.

The proposed General Fund expenditure budget totals \$41,383,610. Preliminary revenue sources provide a safe margin of revenues over expenditures of \$910,690.

Strategic Plan Relationship

The City's financial performance relative to the adopted budget and the five-year outlook resulting from the budget process provide the best measurements of the City's adherence to maintaining the strategic goal of Financial Stability.

Board/Commission Review

The City Council has reviewed the proposed budget and tax levies at individual or small group

meetings as well as the Council Workshop of September 12.

Financial Impact

Nominally three quarters City's general operations funding comes from property tax. The appropriation of funds through the budget process establishes the spending parameters for Council approved initiatives.

Public Outreach/Input

No public notification is required at this stage of the process.

Staff Recommendation

Approve the following resolution.
