ADJUSTING CERTAIN TAX LEVIES FOR BONDED INDEBTEDNESS FOR FISCAL YEAR 2021

Adoption of the attached resolution to adjust tax levies certified for bonded indebtedness is requested. The resolution includes adjustments to scheduled levies for the City's General Obligation (G.O.) Special Assessment Improvement Bonds, G.O. Capital Improvement Bonds, and the City's Capital Equipment Certificates of Indebtedness.

For G.O. Debt issues that are primarily funded through special assessments against the improved property, an analysis of deferred special assessments collections is made by the City's financial consultant at the time the bonds are issued. This typically results in a calculated deficit of available funds, thus requiring a tax levy to fund repayment of the debt. This calculated levy is certified to the County at the time the bonds are issued as a general ad valorem levy for each year. These levy amounts are reviewed annually to verify their necessity. Finance staff has reviewed the financial position of the City's debt service funds in 2020 and has determined that certain levies should be adjusted in 2021.

By motion, approve following resolution

WHEREAS, the City of Blaine has scheduled ad valorem debt service levies for 2021 as follows:
